

Test 1:

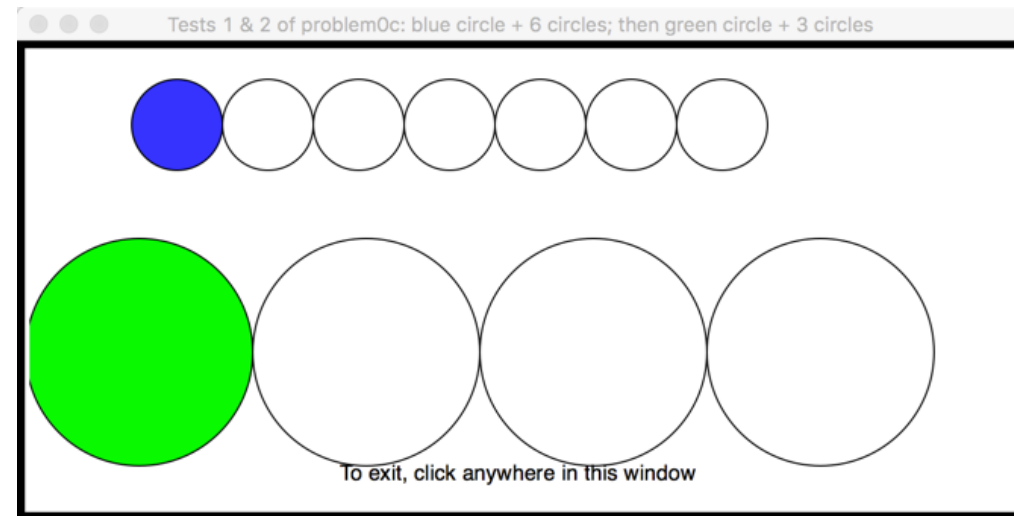

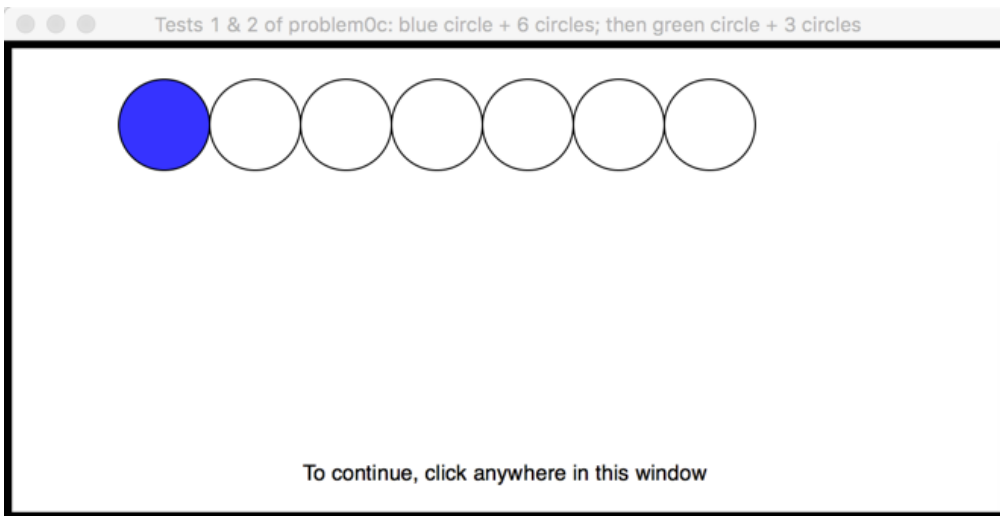

- circle = the blue circle
- $n = 6$

For all 3 tests, the unfilled circles should appear with a 0.5 second pause before each.

Test 2 (on the same window as Test 1):

- circle = the green circle
- $n = 3$

Test 3 (on a new window):

- circle = the red circle
- $n = 10$
